Environmental protection
LPG Filling Stations

MAKEEN Energy has developed the training program MAKEEN LPG Safety Card, tailored to the Oil and Gas Sector and directed at workers and clients both national and international, regardless of qualification level or function.

MAKEEN LPG Safety Card is designed to ensure the highest degree of knowledge in safety, environmental protection, and combustible gases for all workers and visitors. It is a three-day program, two of which are dedicated to training in class and one day for on-site training in facilities/sites in which MAKEEN Energy's LPG-related brands, Kosan Crisplant and Siraga, provide services.

PROGRAM

1. General safety principles
2. Safety signalling
3. Personal and collective protective equipment
4. Electrical hazards
5. Machinery and work equipment
6. Seveso and ATEX Directives
7. Manual handling of loads and ergonomics
8. First aid
9. Firefighting
10. Work permit and Equipment consignment
11. Work with special risks
12. Environmental aspects
13. Combustible gases
